(verse 1)

When the world is gone,
What will i do,
You all i knew,
Im through,

I pretend,
Im happy,
Deep down inside, im crying,
Im dyeing,

And tell me,

(chorus)

Is this real, am i alive,
I just cant survive,
These dieing days,
These desperate ways,

And i just cant come through,
Nothings left but you,
I just cant survive,
These desperate ways....

(verse 2)

And still im left to die,
Slowly passing by,
Nothing is all i find,
Nothing is all i try, try to hide,

And tho these little moments,
Are the best of them all,
I just cant shake this feeling,
Im missing it all,

And tell me,

(chorus)

Is this real, am i alive,

I just cant survive,
These dieing days,

These desperate ways,

And i just cant come through,
Nothings left but you,
I just cant survive,
These desperate ways....

(verse 3)

And till i die,
You just cry,
Im bleeding deep down,
And i cant survive,

Im frozen with fear,
Like a horse about to rear,
And im slowly fading slowly fading,
Away,

And tell me,

(chorus)

Is this real, am i alive,
I just cant survive,
These dieing days,
These desperate ways,

And i just cant come through,
Nothings left but you,
I just cant survive,
These desperate ways....
oh oh...oh no...oh oh..these desperate ways...
