I see her crying over you,
What did she ever do to you?
I cant stand her pain,
Why wont it rain?

Ill do anything to dry her tears,
But still she wont admit im here,
She crys nonstop, in the pouring rain,
I just cant stop her dying pain,

What did you do to her?

(chorus)
You lied, cheated,
Broke a promise,
Cant be relied on,

She trusted you with all her heart,
Now she is gone,

Just tell me what you did, ill fix this all,
Now all i have to do is wait, wait for her to call...

You did all you could do, now lets end this,
She tried to have just one bliss,
You lied to her,
This is all a blur,
Now listen to her cries of pain,

Ill do anything to dry her tears,
But still she wont admit im here,
She crys nonstop, in the pouring rain,
I just cant stop her dying pain,

What did you do to her?

(chorus)
You lied, cheated,
Broke a promise,
Cant be relied on,

She trusted you with all her heart,
Now she is gone,

Just tell me what you did, ill fix this all,
Now all i have to do is wait, wait for her to call...

I cant stand to see her like this, not right now,
I never thought id have to drown,
I want to fix this, make it better,
Wash away her pain...

Ill do anything to dry her tears,
But still she wont admit im here,
She crys nonstop, in the pouring rain,
I just cant stop her dying pain,

What did you do to her?

(chorus)
You lied, cheated,
Broke a promise,
Cant be relied on,

She trusted you with all her heart,
Now she is gone,

Just tell me what you did, ill fix this all,
Now all i have to do is wait, wait for her to call...

Wait for her to call...
