verse 1

I see power through powder, My music sounds louder
And You're looking more beautiful than Ever, No matter
what Happens next its like Im having sex and Im living
in
oblivion
I do the next line to Write the best Rhyme, and hell
I swallow at the same time I feel the world is mine
Don't stop me I wanna hit the ground with my face
down
let me reach the end

Chorus

Don't wanna see the light let me lay down (lay down)

Don't wanna see the sunrise wake my eyes (my eyes)

verse 2

I feel hot when Im high then suddenly Im not
Im low Im feeling horny but Im lonely I don't know why
You seem so strange, Your face is melting, down
the room is spinning round and round and round

Chorus x2

Don't wanna see the light let me lay down (lay down)
Don't wanna see the sunrise and wake my eyes (my
eyes)
