MOPED - FOLLOW

this time in the evening  
i can see the shadows stretching to the edge of the  
world  
i fell off it once, into your arms  
and i've never felt so out of this world

(you take me so far) so far away from here  
even though my feet don't move my heart is with you  
there  
and it's not of this world (anymore)  
and it's not gonna stand still (anymore)

i will follow you  
i will follow you  
i will follow you  
to the edge of the world  
i'm ready to leave  
without saying a word  
i will follow you  
to the edge of the world

so here i go again here i go again  
i've come to the end of my strength when i thought my  
strength would never end  
i've come to grips with my \_\_\_\_\_  
i can see you \_\_\_\_\_ my weakness

i know you've got me do this that's exactly why

i will follow you  
i will follow you  
i will follow you  
to the edge of the world

i'm ready to leave  
without saying a word  
i will follow you

and there's no greater fight than the daily fight to  
conquer myself

and there's no wonder why i can't get by by myself  
and there's no question now i've got to stay by your  
side  
if i'm ever gonna stay alive i've got to (i've got to)

i will follow you i will follow you  
i will follow you i will follow you  
i will follow you i will follow you  
i will follow you i will follow you

(instrumental)

i will follow you  
i will follow you  
i will follow you  
to the edge of the world  
i'm ready to leave  
without saying a word  
i will follow you  
to the edge of the world

i will follow you  
i will follow you  
i will follow you  
to the edge of the world  
i'm dying to live  
you make me come alive  
i will follow you  
to the edge of the world
