As I look back over time  
I regret the fact I left you behind,  
And left myself walking blind  
In a field of grenades and mines.

O too many times I lead myself astray  
A mile away from you  
But you bridge this gap  
With the love that I lack  
So once again I must conclude that...

I need you  
(To get my soul back into gear)  
I need you  
(To get my gear back into soul)  
I need you  
(To help me up and out of here)  
I need you  
(To help me here and take me on)

Tahi rua toru wha  
I drive this car with a rope and tow bar  
My map's my past so I never get far  
I move in circles pulled along by flesh

I trip on hurdles every corner of this quest  
So-why-do-I-remain  
Oblivious to this pain  
Sof-ten-my-heart  
To feel your love again

I need you  
(To get my soul back into gear)  
I need you  
(To get my gear back into soul)  
I need you  
(To help me up and out of here)  
I need you  
(To help me here and take me on)

This is it about time too

Jump Jump Jump Jump

I need you  
(To get my gear back into soul)  
I need you  
(To get my soul back into gear)  
I need you  
(To help me up and out of here)  
I need you  
(To help me here and take me on)

I need you
