{Verse 1}

Cookie cutter image as it seems
Guided to follow invisible dreams
Everybody wanting a piece
What do you want from me
Pushing, pulling
Pressures building
Holding on to what I'm feeling

{Chorus}

How do I break free
How do I break free
pulled two ways I'm in a daze
Wanting to be the real me
How do I break free
Ho do I

{Verse 2}

You've done so well making the mold
Keeping me down, taking hold
It's hard to get away from chains I can't see
My soul is fighting
Pushing, pulling
Pressures building

Feel so lost
Just like I'm dreaming

{Chorus}

How do I break free
How do I break free
Pulled two ways I'm in a daze
Wanting to be the real me
How do I break free

I see my life in the distance
Rising about all the resistance
Treading water, holding my ground
Trying to stay up, don't wanna drown
How do I break free
How do I break free
Pulled two ways I'm in a daze
Wanting to be the real me
All in my head, things i haven't said
Wanting to be the real me

How do I break free x3
How do I, how do I
