I can see you x3

Thought I had this thing with you
Always sweet, acting super cool
Hanging out, having a good time
Like Jekyll and Hyde, you went and changed your mind
Turned it around never thought you were the type
To keep me hanging on
What do I do
I'm spinning in circles now
I want to move on, but I don't know how

{Chorus}
Get out of my head
Get out of my brain
Your crazy moves are driving me insane
Insecurity's taking over
You try, try, try to be someone I can't see
Don't mess with my love
Don't play with my heart
All you're doing is tearing me apart
You try, try, try to be someone I can't see

One day we fight, then we break up
Next day we kiss, and we make up
It's such a rollercoaster ride with you
Something's off, I can't figure out
A little bipolar, what's that all about?
Can't take it no more
It's just too little too late

What do I do
I'm spinning in circles now
I want to move on, but I don't know how

{Chorus}
Get out of my head
Get out of my brain
Your crazy moves are driving me insane
Insecurity's taking over
You try, try, try to be someone I can't see
Don't mess with my love

Don't play with my heart
All you're doing is tearing me apart
You try, try, try to be someone I can't see

I can see you
And it's written on your face
You're trying so ohh hard
But your ego's in the way
I can see you x3

{Chorus}
Get out of my head
Get out of my brain
Your crazy moves are driving me insane
Insecurity's taking over
You try, try, try to be someone I can't see
Don't mess with my love
Don't play with my heart
All you're doing is tearing me apart
You try, try, try to be someone I can't see

I can see you x3
