{Verse 1}

Can't wait the week is done  
Need a release we are so gone  
Driving round, top is down  
Hair is out, Let's have some fun, fun, fun  
Best part is not even knowing  
Which way the night is going  
All my stress just melts away right now  
Come on, come on and turn that music loud

{Chorus}

Break lose, set it off  
Make it drop tonight  
Go out set it free  
Just be what you want tonight  
Music's loud the speakers blowing  
Can't stop while the beat's still going  
Just let it go, just let it go  
No stress, dance it off  
Make it drop tonight  
Make noise, let it out  
Just be what you want tonight  
Music's loud, speakers blowing  
Can't stop while the beat's still going  
Just let it go, Just let it go

{Verse 2}

Out with my girls, we own this town  
Nothings gonna hold us down  
Lookin hot, make it rock  
Pop and lock, let's have some fun  
Party up, yeah it's our night  
Dance it off, It'll be alright  
All my stress just melts away right now  
Come on, come on, and turn that music loud

{Chorus}

Break lose, set it off

Make it drop tonight  
Go out set it free  
Just be what you want tonight  
Music's loud the speakers blowing  
Can't stop while the beat's still going  
Just let it go, just let it go

No stress, dance it off  
Make it drop tonight  
Make noise, let it out  
Just be what you want tonight  
Music's loud, speakers blowing  
Can't stop while the beat's still going  
Just let it go, Just let it go  
{Bridge}  
All my stress just melts away right now  
Come on, Come on, turn that music loud  
The 808 hits the beat, so sweet right now  
Come on, Come on, turn that music loud  
Break lose, set it off  
Make it drop tonight  
Go out set it free  
Just be what you want tonight  
Music's loud the speakers blowing  
Can't stop while the beat's still going  
Just let it go, just let it go  
No stress, dance it off  
Make it drop tonight  
Make noise, let it out  
Just be what you want tonight  
Music's loud, speakers blowing  
Can't stop while the beat's still going  
Just let it go, Just let it go

Let it go, let it go, let it go oh-oh oh x4
