Oh, Oh, boy
How to deal
Heart beats fly
feels so real
Why can't I understand you
so complicated
Just wanna get inside your head boy
Can't understand what you said boy
If you thought like a girl instead boy
We could cut to the chase
{Chorus}
Twisting, turning, mind's exploding
Everything I wanted to say
Wrapped up, tangled up, everything is mangled up
Words get in the way
Give and take
Oh give me a break
Why can't things be so simple
This is just so twisted
{Verse 2}
Uptight friends
When does it end
Was I obnoxious again
Why can't I say what I want around them
So complicated
Don't push me out just let me in now
We are not passing trend now
Don't let this be the very end now
Let's just cut to the chase
{Chorus}
Twisting, turning, mind's exploding

Everything I wanted to say
Wrapped up, tangled up, everything is mangled up
Words get in the way
Give and take
Oh give me a break
Why can't things be so simple
This is just so twisted
{Bridge}
Wanna be myself
Can't find the right words

Don't wanna get hurt
This is just so twisted
{Chorus}
Twisting, turning, mind's exploding
Everything I wanted to say
Wrapped up, tangled up, everything is mangled up
Words get in the way
Give and take
Oh give me a break
Why can't things be so simple
This is just so twisted
Twisting, turning, mind's exploding
Everything I wanted to say
Wrapped up, tangled up, everything is mangled up
Words get in the way
Give and take
Oh give me a break
Why can't things be so simple
This is just so twisted
So twisted
