Here's a little ditty
'bout Homer and Marge
Her heart was as big
as his stomach was large

oh yeah, they say
love goes on
long after the grilled
cheese sandwich is gone

During Credits:

Thats the story
bout Homer and Marge.
Two folks I helped out
For a nominal charge

After Homer went gay,
they patched up their schism
Buth the dude never dealt
with his alcoholism

Weird AI sayin: Oh Yeah, the credits go on,
Long after the viewer's interest is gone

Weird AI had fun
on this show
Even if it was
just a brief cameo
