Scorpio!
He'll sting you with his dreams, of power and wealth.
Beware of... Scorpio!
His twisted twin obsessions are his plot to rule the
world
And his employee's health.
He'll welcome you into his lair
Like the nobleman welcomes his guest!
With free dental care and a stock plan that helps you
invest!
But beware of his generous pensions
Plus three weeks paid vacation each year
And on Fridays the lunch room serves hot dogs and
burgers and beer!
He loves German beer!
