"The Amendment Song"

Hey, who left all this garbage on the steps of
Congress?
I'm not garbage!
I'm an amendment to be
Yes an amendment to be
And I'm hoping that they'll ratify me!
There's a lot of flag-burners
Who have got too much freedom
I wanna make it legal for policemen
To beat 'em
'Cuz there's limits to our liberties!
Least I hope and pray that there are
'Cuz those liberal freaks go too far!
But what if you're not good enough to be in the
Constitution?
Then I'll crush all opposition to me!
And I'll make Ted Kennedy pay
If he fights back, I'll say that he's gaaaaaay!
