You work all day for some old man
Sweat and break your back, uh huh
Then you go back to your castle
But your queen won't cut you slack, that's true

That's why you're losing all your hair
That's why you're overweight, uh huh
That's why you flipped your pick-up truck
Right off the inner state, that's right

Except for the pick-up truck, now you talk so tough
and act so rough but darlin', you can't hide the
heartache
And the sadness that's buried deep inside
There's a lot of bull they hand you

There's nothin' you can do
Your wife don't understand you but I do
Your wife don't understand you but I do
I said no one understands but I do
