Can't say I didn't know what I was doin'
And I can't pretend the things just got out of hand
I should've kept my distance while I was still strong
But I got caught up in the feeling, I was carryin' along
And it's too late, baby, can't stop now

Well, I walked right in with my eyes wide open
I was blind when you told me you'd be mine
Just as soon as you were free
I should have slowed down before push came to shove
But I was already fallin', now I'm deep in love
And it's too late, baby, can't stop now

Can't stop now
It's my crazy heart running out of control
Can't stop now
I'll be falling apart somewhere down the road
I might be headed for a breakdown
I can't stop now

Well, I'm sitting here wondering
Why I ever let myself fall?
Yes, I keep hearing promises
But nothing seems to change it all

Well, the love we made
It's got a life of it's own
It'll keep on going, baby, long after you're gone
And it's too late, baby, I can't stop now

Can't stop now
It's my crazy heart running out of control
Can't stop now
I'll be headin' for a fall somewhere down the road
I might be headed for a breakdown
I can't stop now, no I can't

Can't stop now
It's my crazy heart running out of control
Can't stop now
I'll be falling apart somewhere down the road
I might be headed for a breakdown

I can't stop now

I might be headed for a breakdown
But I can't stop now
