Faithful One, You come to raise me up with You
Gracious Friend, again Your love has found no end
Who am I, that You would sacrifice
At Your majesty, I stand in awe

Chorus:

You are glorious, You are glorious
And I live to worship You, and I live to worship You
You're glorious

Verse2:

Reining King, you bring Your Kingdom down to me
Morning Star, You are this burning in my heart
Who am I, that You would sacrifice
At Your majesty, I stand in awe

Chorus:

You are glorious, You are glorious
And I live to worship You, and I live to worship You
You're glorious
