Lord above the Universe, galaxies declare Your worth
And all the earth worships You alone
Every mountain and the sea rejoices in your majesty
And history resounds with th endless praise for You
So we will sing and join the ancient song
For we have seen the wonders of our God
The wonders of our God

Chorus:

Blessing and honor, glory and power
Be to our god forever and ever
Woship and praises to You for Your name is
Exalted over all the heavens and the earth

Verse 2:

Every nation, tribe and tongue is waiting for the King to
come
And reign upon the Throne thatt never ends
Every eye will see Your face, all the world will stand
amazed
And young and old will turn and say, "You are God"
So we will sing and join the ancient song
For we have seen the wonders of our God
The wonders of our God

Chorus:

Blessing and honor, glory and power
Be to our God forever and ever
Woship and praises to You for Your name is
Exalted over all the heavens and the earth

So we will sing and join the ancient song
For we have seen the wonders of our God
The wonders of our God
The wonders of our God

Blessing and honor, glory and power
Be to our god forever and ever
Woship and praises to You for Your name is
Exalted over all the heavens and the earth
