We've been living so close to each other
Stay to 45 and i stay to 49
An i've been watching you and all the things you do
Girl there's something something special bout you
And i wanna know what it is ..your body girl
And I don't wanna go out there i'll break down and give
my heart
Should account it i'll bring him to my mama
And i'm just wanan know how i get close to you girl
you got everything what I need ooh

Chorus:

I can't leave you 'cause you got me all open my heart
speeding on time
I can't leave you 'cause you're all that i ever wanted
and all that i ever needed
And girl you got me like uuh ooh
And now i'm sure that you know that
No no someday i got to give I've always gotta play ..

I've always been a man that do what i want and girl
I know you got ..place
I know we enough to make girl
History
We don't need another text but girl is you and me
We gonna run it the way it supposed to be
We gonna share our love ..

You got me wondered
... you got everything what I need ooh

Chorus:

I can't leave you 'cause you got me all open my heart
speeding on time
I can't leave you 'cause you're all that i ever wanted
and all that i ever needed
And girl you got me like uuh ooh
And now i'm sure that you know that
No no someday i got to give I've always gotta play ..
