Hell yeah

I know your time the same oh same oh wasting tryin to  
love baby baby  
And hell yeah i see the look in your face  
they don't even know what to stay baby yeah  
today is the lucky day countdown to take off into space  
We gonna leave this atmosphere i'ma take out of this  
world

Chorus:

Baby let's make love on the moon  
Girl this painy room but i promise you  
You're feeling never touch the ground  
We ain't come in home no time soon  
Girl i know you like the .. is the perfect temperature for  
your body baby  
We're gonna have a little breakdowns, breakdowns  
tonight  
..the stars , that i love breakdowns, breakdowns tonight  
While we make love on the moon.

Baby all i will up the sky  
It will be amazing,  
and when my skin touches those .. take fly  
..no time when we come down  
..baby i'ma have to feel you more than you ..tonight  
Girl all you gotta do is take my hand and will be ..

Chorus:

Baby let's make love on the moon  
Girl this painy room but i promise you  
You're feeling never touch the ground  
We ain't come in home no time soon  
Girl i know you like the .. is the perfect temperature for  
your body baby  
We're gonna have a little breakdowns, breakdowns  
tonight  
..the stars , that i love breakdowns, breakdowns tonight  
While we make love on the moon.
