I'm working my brains,  
Trying to figure how I can thank you  
For the times that you came through  
You made ways out of the impossible,  
It was done like I never do  
And between me and you...  
Everything that I was supposed to  
But it didn't stop you from loving me,  
Keeping me, and doing what you do!

Chorus:

I could never thank you,  
So now I'm standing here saying thank you,  
For everything you've done!  
..everything that I have I'll give it to you!

Back and forth, back and forth...  
..things that you don't like!  
.. I never stop you from messing me,  
And you promise that you wouldn't leave me,  
Baby no, oh!  
That's why I'm standing here with a...  
Thinking with a....

Chorus:

I could never thank you,  
So now I'm standing here saying thank you,  
For everything you've done!  
..everything that I have I'll give it to you!

..take the credit for something that I didn't even do!  
Cause it all belongs to you...  
I wanna say you thank you,  
Oh I really do, I just wanna say thank you!

Chorus:

I could never thank you,  
So now I'm standing here saying thank you,  
For everything you've done!  
..everything that I have I'll give it to you!
