Hey, I'm staying in a motel
A long way from home
And now, I wanna go home soon
To see all my loved ones
Sometimes, when the city
It shines, outside my room
My bed and my TV
Brings out, thoughts for you

Well, today, I wanna see you
Tonight, I stay alone
I sing you a sad song
In need for someone

She said, you and me are over
If you leave this town
Right now, I try to reach her
But she never calls back
And I write a note on a paper
It turns out to be our song
About all my troubles
With you and my home

Well, today, I wanna see you
Tonight, I stay alone
I sing you a sad song
In need for someone

But I don't know where you are
Are you drifting so far?
are you slipping away from me?
Could we hold on longer?
Are you going under?
I don't know how you feel for me

Well, today, I wanna see you
Tonight, I stay alone
I sing you a sad song
In need for someone

Well, today, I wanna see you

Tonight, I stay alone
I sing you a sad song
In need for someone
