But you're close as can be
your every asset is a beauty queen's
Nobody knows you the way that I do
I know you, oh, I know you

Don't ever think that
You're ever on your own
Just because I let you wander off alone
Take my umbrella
You can take my coat
If it rains
It's gonna rain

I need you
To know that I need you
The weight of my heart
My eyes filled with stars
Is proof that I need you

Nobody's perfect
But you're forever so near
I'd never lie when I'm this sincere
Don't say it isn't as good as it gets
I know we're good
Yeah, we're good

I need you
To know that I need you
The weight of my heart
My eyes filled with stars
Is proof that I need you

Won't have to borrow that book you read
Or wonder what you do with your day
If you don't speak I don't have to ask
How you feel

I need you
To know that I need you
The weight of my heart
My eyes filled with stars

Is proof that I need you

I need you

To know that I need you

The weight of my heart

My eyes filled with stars

Is proof that I need you
