Didn't the price we had to pay
Suddenly prove it fair
Wasn't there sweet emotions racing there
The minute our roads became one
The second our eyes met
I can't hold back
Cannot hold it back this time

So thank you for the faith you had in me
Thank you for the world you make me see
Wouldn't las a day without you here
Don't you forget it
I'll never let it
Come to an end

There's nothing untroublesome about
Seeing it clear like that
Nothing more pleasing than a cloudless sky
There's always that time in life
When nothing at all seems right
You were like heavy rain to clear my mind

So thank you for the faith you had in me
Thank you for the world you make me see
Wouldn't las a day without you here
Don't you forget it
I'll never let it
Come to an end

I ain't holding nothing back this time
You're everything I wanted in my life
I ain't holding nothing back this time
This time

So thank you for the faith you had in me
Thank you for the world you make me see
Wouldn't las a day without you here
Don't you forget it
I'll never let it
Come to an end

Don't you forget it
I'll never let it
Come to an end
