Swear I gave my all
But he never could recall
All the love I gave without a price
So what I've got to show
Is this broken down ego
I'm moving past these sleepless nights
Back to life
Back to the present time
Back from a fantasy
Tell me now
Take the initiative
I'll leave it in your hands
Until you're ready

How ever do you want me
How ever do you need me
How ever do you want me

How ever do you need me
How ever do you want me
How ever do you need me
How ever do you want me
How ever do you need me

I live at the top of the bar
No more room for trouble or farce
Need a change
A positive change
Look its me writing on the wall

How ever do you want me
