I've never been a quitter
And I refuse to start today
But everytime we talk
I hear my words getting in the way
You know that I love you
So we can't let this go too far
And if it's us against the world
Then what are we doing at war

If a seed needs rain
For the flowers to grow
Then sometimes the sunny skies must go
But if we stand our ground
Through the ups and downs
We'll make it to the end I know
We are conquerors
Fallen conquerors

I admit to being petty
Can't say I made it easy to stay
And even though I push you
I never meant to push you away
I'll ask in return
You remember that I'm still your friend
Just tell me that you love

And that you're still in it to win

If a seed needs rain
For the flowers to grow
Then sometimes the sunny skies must go
But if we stand our ground
Through the ups and downs
We'll make it to the end I know
We are conquerors
Fallen conquerors

We're gonna make it
We're gonna make it
Yes we'll get past this
I'm sure we'll outlast this
Nothing can stop us

We won't be defeated
We're gonna make it
Yes we're gonna make it
We are conquerors
Fallen conquerors
