I could go too far
And fuck up your heart
Take a bat to your car
That'd just be the start
Or even be mean
While you're on the scene
I choose to come clean
To the girl of your dreams

I wonder if she ever knew about me
Or did you keep our love a secret like you did she
Surprise Surprise
I open my eyes and realize
The you I thought I knew was
Nothing more than a man full of lies

It's so hard to believe (so hard)
That you never loved me (you never loved me)
Even more to concieve (it's so hard to believe)
You made a fool of me
You made a fool of me
I can't believe
You did this to me

How could you think
That I would let you walk away
A hit and run just wipe your hands
No damage to your name

Mistake you made
Underestimate the price I paid
You fooled me once
But fool me twice
After everything you did to me

It's so hard to believe
It's so hard to believe
That you never loved me (Never loved me)
Even more to concieve
You made a fool of me
You made a fool of me
You made a fool of me

You made a fool of me
You made a fool of me

Walk away as if you never did
I know
You can run run run run run run run
Don't look at me like you don't know
Who I've become
It's all because of you
It's all because of you
You made a fool of me
You made a fool of me
