Another day
with nothing to do
there ain't no way, I
gonna make it through
but every time i close my eyes
all I see is you

I don't know why I need ya
but everyday i'm deeper
baby, why can't I keep ya
out of my mind

OO, I hate myself
for feeling you
but I can't help
feeling like i do
but everytime i close my eyes
all I see is you

(x2)
I don't know why I need ya
but every day im deeper
baby, why can't I keep ya
out of my mind.

ooooo
all I see is you
oooooo
all I see is you

(until fade)
I don't know why I need ya(I dont know why)
but every day im deeper(but every day)
baby, why can't I keep ya(Why cant)
out of my mind... (out of my mind)
