Your touch is gone
You don't look at me the same
Who's to blame for the change
In your heart
A human touch
You don't seem to care no more
Care no more
Care no more

I feel lost when I'm around you
Cuz you don't talk to me
Can't look you in your eyes
Cuz you don't hardly speak
Somethings different in you touch
It don't feel the same
What was once there
Is now gone away

Your moves are so mechanic
Your shifts are moving slow
Switched from X's and O's
To just nuts and bolts
Can you hear the words I'm saying
Do you know what they mean
Or has your emotions been turned off

Now you're like a robot
Emotions lost feelings gone
Love don't beat from your heart
Now you're like a robot
Emotions lost feelings gone
Love don't beat from your heart

For me it was always easy
I always wanted you

But you changed your mind
Your own numbers and chimes
See the tears on my face
They won't wash away
But you don't let water touch yours
It might rust and stain

Now you're like a robot
Emotions lost feelings gone
Love don't beat from your heart
Now you're like a robot
Emotions lost feelings gone
Love don't beat from your heart

Robot
You are like a robot
I said you a like a robot
You are like a robot

Your touch is gone
You don't look at me the same
Who's to blame for the change
In your heart
A human touch
You don't seem to care no more

Now you're like a robot
Emotions lost feelings gone
Love don't beat from your heart
Now you're like a robot
Emotions lost feelings gone
Love don't beat from your heart
