Oh, top that, system banging
Made enough of this money to keep complaining
But still I made enough of it to quit the game
And hit and came it, couple of... that's where the
bitches hanging
Nice room, I'm bugging till you hit her price
Top floor, she overcome and... no fear of heights
Cut the way, she got motion signals
Promise Paradise, and watch her settle for a pair of
nice.
Puffing that coke, can't get enough with the...
The papers of pina colada, the...
They ain't coming any realer, I can handle the belt
Play the hand I was... won't bluffing the dealer
Hoes on my parlor, fuck them...
They wanna get to know me, my name is more than I
care to tell
I'm just telling the truth, raise...
Gotta make it to Heaven, come back and skate to the
Heaven

Chorus:

Feel good, roll good, smoke until is gone
Lay my hand down, baby I'm a Rolling Stone
So drove, won't remember nothing in the morn
I'mma do this till I'm dead and gone!
Smoke weed, fuck bitches,
Stunt hard on you lame ass niggers
I got one life I'mma live it
I'mma live my life with no limit!

Make... don't care how much I spin
Think I'm a G, wait till you meet my friends
A beast I've been, now they wait in line
Till I sign the CD for them, I am!
Oh, who question and sleep on him,
Eating good soup, don't leave a piece for them
We gonna smoke palm trees, drink some gin
Put a walk on my shoes, know what your feet feeling
Uh, since I've been out the...
Like I had a couple of drinks, watch my buzz increase
Now we're twisting up, sipping champagne on the

beach
Where either goes... go... nigger!
Right about none!

Chorus:

Feel good, roll good, smoke until is gone
Lay my hand down, baby I'm a Rolling Stone
So drove, won't remember nothing in the morn
I'mma do this till I'm dead and gone!
Smoke weed, fuck bitches,
Stunt hard on you lame ass niggers
I got one life I'mma live it
I'mma live my life with no limit!

Oh, I came from nothing, now I'm a money making
machine
I summon raps, cause it ain't no escape to fiends
A few from Atlanta, my other niggers rapping the...
... high definition it seems like we live on the screen
... cause me and my niggers be clean
We stay fly, haters hate when we step on the scene
Cause we're young, black, and living the American
dream
OK, OK, this is what I do
Planet 6 is on this thing, so is Wizz Kaliffa, too
Shout out to the homie, hey yo, the world don't have a
clue!
What's about to happen homie, I'm just waiting on my
queue
They gonna get 'em, pray that they don't let 'em
That nigga be going in, who the fuck is ya tell 'em?
I plan around his mom, fuck it till the wheels blow
Thought I was selling crack while listening back like
that she came out real dope

Smoke weed, fuck bitches, start hard on you... niggas
I got one life, I'mma live it
I'mmma live my life with no limits!
