So long  
so long  
so long  
he's been away  
So long  
so long  
so long he's back again  
I turned seventeen  
We had passion we had dreams  
Thought the love we were fighting for  
Was something holy  
something more.

When I turned twenty-one  
we were outside on the run.  
When I walked out with my girl

we went halfway 'round the world

Chorus:  
I dreamed that I saw her standing there  
running for the boy inside the man  
I was hit hard by a light so bright it burned  
All at once I knew she'd understand  
understand

Boy inside the man  
The boy inside the man.

When I turned twenty-five  
we were hungry we had drive  
When I turned much older then  
When the boy was lost in pride  
Now I just turned thirty-one  
I have lost and I have won  
Still I've kept my dreams alive  
'cause this boy will never die

CHORUS I dreamed... AH Do you understand  
CHORUS  
The boy inside the man  
CHORUS I dreamed...

So long  
so long  
so long  
you been away  
So long  
so long  
so long  
you're back again

Sister cool this face  
as if it's carved in stone  
Don't leave m in his place  
like a boy wihout a home (repeat)  
Boy inside the man
