"A Feeling Without Feeling"

I am nothing
I feel nothing
Over and done
Watch me come undone
Numb, a feeling
Without feeling
No more pain
No mercy remains

Do you understand?
Can you really hear me?
My eyes are blind, they can't see
What's in store for me
Here I've been praying
And God knows I'm still searching
For what I need, rather than
What I may desire

Stuck in the position you left me in

Feel the blood freezing within
Nothing hurts me anymore
Well, I saw my whole life falling down
Closing darkness all around
I guess there's nothing here for me
Anymore

I am nothing
I feel nothing
In soul, in mind
Now I leave it all behind

Nothing equals nothing
Nothing means nothing
Nothing is just nothing
