Looking up it's a silver screen
And I don't know what it is I've seen
I only know that it made me cry
Some connection from another time
I lost control and I lost my mind
I only know that it turned me round
But it's alright now
It's alright now
It's just a sad film
A sad film
A sad film crossed my mind
I saw the names and the faces change
Like moving targets out of range
I only know that it changed my mind
Then other forces were stepping in
Reminding me of way back when
I only know that it changed my mind
But it's alright now
It's alright now
It's just a sad film
A sad film
A sad film crossed my mind
But it's alright now
It's alright now
It's just a sad film
A sad film
A sad film crossed my mind
