

Black Kiss Superstar "Be Mine"

Visit "[Be Mine](#)" on MotoLyrics.com

Late at night just around midnight
Dirty eyes looking at your breast

Sweet smile, broad across your sweet head
I just wish to be in your bed

You can't escape now, don't lose your time
Come on baby ...you gonna be mine

Sweet perfume, big black eyes
Long strong legs for which anyone would die

The way you move makes me lose control
Wakes up the devil in my soul

You can't escape now, don't lose your time
Come on baby ...you gonna be mine

Sweet perfume, big black eyes
Long strong legs that anyone would die

The way you move makes me lose control
Wakes up the devil in my soul

You can't escape now, don't lose you time
Come on baby ...you gonna be mine
