Remember the day we came here to play
'cause you know!! The ladies burned
Down to the bar where the party started
And left nobody at home

I can sing at the stars, sing at the moon
'cause you know!! I'll see you soon
No one can resist, like a midnight kiss
So come on join in the tune

This town's gonna fall down if anybody doesn't rock it
out
This town's gonna fall down if anybody doesn't rock it
out

We can play all night long just to have fun
That's the night, we don't live forever
We have the chance, that's not a romance
So please be cleverer than ever

Pick up the friends; we can break all the fences

Tonight no one can stop me
There are no rules like the fucking schools
So come on you can join me

This town's gonna fall down if anybody doesn't rock it
out
This town's gonna fall down if anybody doesn't rock it
out

If you are alone
Thrown like a stone
Like a child with out toy
Searching to destroy

This town's gonna fall down if anybody doesn't rock it
out
This town's gonna fall down if anybody doesn't rock it
out
This town's gonna fall down if anybody doesn't rock it
out

This town's gonna fall down if anybody doesn't rock it
out
