Yeah, I can't believe, it feels like everybody
turned they back on me, it sucks
cause I'm not used to being lonely
I must admit I'm not perfect,
but I don't deserve this.
The man in the mirror,
can't see what he's done
I lost everything that ever
meant anything to me but still,
I can't let go,

The weight is on my shoulder
takin' me under, somebody get it off of me
my heart has been broken, my soul has been torn
still I don't wanna leave.
But if there's one thing that this is tellin me
is I can't keep goin' on without ya
So I can watch you walk away, and live to see another
day

I'm a cliff hanger, I'm not scared to fall, not scared to
drop
I'm a cliff hanger, I'm ready to fly, prepared to die
I'm a cliff hanger, I'm all set to crash _____?
I'm a cliff hanger, just hanging on

I couldn't see the truth you tried so hard to show me
Saw your face, but couldn't hear your voice
I wish I heard you screaming, across the distance
My conscious was tellin' me to give up
on everything I've built with you by my side
I don't have, the heart to let go

The weight is on my shoulder
takin' me under, somebody get it off of me
my heart has been broken, my soul has been torn
still I don't wanna leave.
But if there's one thing that this is tellin me
is I can't keep goin' on without ya
So I can watch you walk away, and live to see another
day

I'm a cliff hanger, I'm not scared to fall, not scared to drop
I'm a cliff hanger, I'm ready to fly, prepared to die
I'm a cliff hanger, I'm all set to crash _____?
I'm a cliff hanger, just hanging on

Wish I could take back the time you spent crying over me
all the time I went away, way, yeah yeah
feel like you don't even know me, when I come back home to you
never thought you'd walk away, from me, noo

I'm a cliff hanger, I'm not scared to fall, not scared to drop
I'm a cliff hanger, I'm ready to fly, prepared to die
I'm a cliff hanger, I'm all set to crash _____?
I'm a cliff hanger, just hanging on

I'm a cliff hanger, I'm not scared to fall, not scared to drop
I'm a cliff hanger, I'm ready to fly, prepared to die
I'm a cliff hanger, I'm all set to crash _____?
I'm a cliff hanger, just hanging on
