All the time ive been wondering why  
you've been acting so strange  
I try to talk but you just turn away  
Im starting to feel deranged

You left me here all alone  
I dont know why you feel this way  
I try to talk you turn away  
just explain to me one more thing

Why did you go this way  
You know you'll pay and you know you'll pay  
Why did you go this way  
You know you'll pay and you know you'll pay

When I look right inside your eyes  
I can see all the pain  
I try to help and you just give a lie  
You're starting to drive me insane

You left me here all alone  
I dont know why you feel this way  
I try to talk you turn away  
just explain to me one more thing

Why did you go this way  
You know you'll pay and you know you'll pay  
Why did you go this way  
You know you'll pay and you know you'll pay

I wanna say it bad  
Im gonna fake a tad  
I wanna say it, I wanna say it  
but I don't wanna say it to you...

You left me here all alone  
I dont know why you feel this way  
I try to talk you turn away  
just explain to me one more thing

Why did you go this way

You know you'll pay and you know you'll pay  
Why did you go this way  
You know you'll pay and you know you'll pay

Why did you go this way  
You know you'll pay and you know you'll pay  
Why did you go this way  
You know you'll pay and you know you'll pay
