Every once in awhile you'll run into someone with  
different views  
every once in awhile you'll run into someone who  
doesn't like your views  
So maybe they're a prick,  
or maybe they have problems that no one knows  
about... but not you.

Sometimes you are an asshole, there is nobody better  
than you  
Sometimes I am an asshole, cuz I'm the one that deals  
with you

You try to be a nice guy, but they dont care about you  
They treat you like you're the problem, without even  
knowing you  
So maybe they're a dick, or maybe they are butt hurt  
and nobody knows...  
but not you.

Sometimes you are an asshole, there is nobody better  
than you  
Sometimes I am an asshole, cuz I'm the one that deals  
with you

Sometimes you are an asshole, there is nobody better  
than you  
Sometimes I am an asshole, cuz I'm the one that deals  
with you

Sometimes you are an asshole, there is nobody better  
than you  
Sometimes I am an asshole, cuz I'm the one that deals  
with you

Sometimes you are an asshole, there is nobody better  
than you  
Sometimes I am an asshole, cuz I'm the one that deals  
with you
