It's been so long since I had a friend
Stuck inside all these caves
It makes me sad when I see your face
You want to make my life end

So I'm gonna creep on you, gonna creep on you
My brain is gonna SSSSSS, and then I'm gonna BOOM
I'm gonna creep on you, gonna creep on you
My brain is gonna SSSSSS, and then I'm gonna BOOM

I'm in the dark you are in the light
I'll sneak up on you even in the night
and when I'm close you will hear the sound
You won't even get a chance to fight

So I'm gonna creep on you, gonna creep on you
My brain is gonna SSSSSS, and then I'm gonna BOOM
I'm gonna creep on you, gonna creep on you
My brain is gonna SSSSSS, and then I'm gonna BOOM

I'm the creeper, I'm the creeper, I'm the creeper, I'm
the creeper X2

So I'm gonna creep on you, gonna creep on you
My brain is gonna SSSSSS, and then I'm gonna BOOM
I'm gonna creep on you, gonna creep on you
My brain is gonna SSSSSS, and then I'm gonna BOOM

I'm the creeper, I'm the creeper, I'm the creeper, I'm
the creeper X4
