Empty moonlight, fills the sky
Wells we had are turning dry
Im supposed to be the man, who figures out the plan
Around town

We're in a troubled place, with nothing to erase
In a battle with ourselves, are we...

gone, are we
here, do we
hurt, do we
fear, are we
lost, in our
ways, can we
find, better days.

Glass is shattered in the street
Shards get stuck inside our feet
Were supposed to be the ones, the daughters and the
sons
Around town

We're in a troubled place, with nothing to erase
In a battle with ourselves, are we...

gone, are we
here, do we
hurt, do we
fear, are we
lost, in our
ways, can we
find, better days.
are we
lost, in our
ways, can we
find, better days.

We're all goin in alo--oh--ooohhhh--oh--oh--ooohhhh--ne.
We're all goin in alo--oh--ooohhhh--oh--oh--ooohhhh--ne.
We're not coming back ho--oh--ooohhhh--oh--oh--
ooohhhh--me.

We're all goin in alo--oh-ooohhhh--oh--oh--ooohhhh--ne.

Eyes are shut and ears open
sounds of breathing do begin
They're supposed to be the right, come help us in the
night
Around town

We're in a troubled place, with nothing to erase
In a battle with ourselves, are we...

gone, are we
here, do we
hurt, do we
fear, are we
lost, in our
ways, can we
find, better days.

We're all goin in alo--oh-ooohhhh--oh--oh--ooohhhh--ne.
We're all goin in alo--oh-ooohhhh--oh--oh--ooohhhh--ne.
We're not coming back ho--oh-ooohhhh--oh--oh--
ooohhhh--me.
We're all goin in alo--oh-ooohhhh--oh--oh--ooohhhh--ne.
