Time is strange and time is changin' and  
I need some money need some dollars and changes  
but  
Paper money from the bank can't fill my need  
I need some other form of payment that can fill my  
greed  
See findin' all the wood is easy as one to three  
but findin' all the stone is harder where could it be, hah  
In the ground? I tried that already.

I want those diamonds, I want those diamonds  
I want those diamonds, I want those diamonds

I need some wood so I can make a couple pickses  
I wanna use em just to get those lil fixens  
vixens, all up in my rich lands  
wanna stay a night or two and be my chicken?  
and get me feathers, for all my bows and brothers  
and don't forget my sandwich, just cuz I want a  
sandwich. Bitch.

I want those diamonds, I want those diamonds  
I want those diamonds, I want those diamonds

I want those diamonds, I want those diamonds  
I want those diamonds, I want those diamonds

I want those diamonds, I want those diamonds  
I want those diamonds, I want those diamonds

I want those diamonds, I want those diamonds  
I want those diamonds, I want those diamonds
