Im ready to go, Ive got all my keys
I wait by the door, will you hurry please
Its been a long while, Im still waiting on you
You're taking forever, Im gonna be late

You wonder why you're not on time, You're taking
forever...
You're always late or last in line, You're taking forever...

Why do I ever wait for you
Can't you get a fricken clue
I've got many things to do
I dont wanna wait for you

Why do I ever wait for you
Can't you get a fricken clue
I've got many things to do
I dont wanna wait for you

Im speeding on the road, gotta make it there
I swerve around some cars, does it look like I care?
It's been a long while, Im still waiting on you
You're taking forever, I'm gonna be late

You wonder why you're not on time, You're taking
forever...
You always late or last in line, You're taking forever...

Why do I ever wait for you
can't you get a fricken clue
I've got many things to do
I dont wanna wait for you

Why do I ever wait for you
Can't you get a fricken clue
I've got many things to do
I don't wanna wait for you

You take forever... You take forever...
You take forever... You take forever...
You take forever... You take forever...
