### **"Galactic"**

Visit "[Galactic](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Space mask is what's

Waiting for me tomorrow

Vast planets

Parents of the universe

You see me very strange

Because I believe in Galactic Love

And Lord standing on the top

Release thunder against hatred

Let Love you rule the world

And all of the other planets

Space mask is what's

Waiting for me tomorrow

Vast planets

Parents of the universe

You see me very strange

Because I believe in Galactic Love
