It's the perfect time to start
And you know it now
The mood hits and we feel it
Come over us

Remember then when we were young we'd look ahead
Running fast
Well now we're hearing visits and we're standing still
Time is past

And we'll sing with a new view
Quiet confidence
What we know and what is true
Quiet confidence

Hit or miss it's do or die
Summer's start for us
Push me and I'll push you
Steady hands will try

Remember then when we were young we'd look ahead
Running fast
Well now we're hearing visits and we're standing still
Time is past

And we'll sing with a new view
Quiet confidence
What we know and what is true
Quiet confidence

And we'll walk the same
And we'll talk the same
But the difference will be in our hearts
Beating heart for what we want
And when we fall we won't fall apart (we won't fall apart)

And we'll sing with a new view
Quiet confidence
What we know and what is true
Quiet confidence
Quiet confidence (what we know and what is true) x3
