People watching  
Seeming busy with their day  
Don't be late  
Contact that contact before five  
Makes no difference to me  
As long as they get what they please  
Hopefully things will work out just in time

But for those who have no bright of day  
Standing naked in some quarantine  
A thousand leagues tucked away  
What to do? Well who are you?  
The Kings of violence and hate  
Fracturing all that we've made  
As they feast from their silver and plate  
It's just silver with plight

Stand again it's time you win  
From the pain, the bitter suffering  
Incessant flaunting of hypocrisy  
Seems so simple to me  
Grab a love as fast as you can  
Create connection, no apprehension  
Machination when does it end?  
The Queens of violence and hate  
Fracturing all that we've made  
As they feast from their silver and plate

It's just silver with plight  
It's just blood on your diamonds  
It's just your soul with that gold  
Silver with Plight
