Loneliness
It casts a shadow on me
Traveling behind
Has a crow haloing above
Seeps a mist
That never ends

It never ends

Can't swallow
Don't want to move
Finding out
I'm blind
With a darkness filling me
As the last light says goodbye
You know it will

It never ends

No it don't
Not in my head

Manic

I try with my might
And all my will
I fail
Just to spite you

Loneliness
Takes control of me
I know I'll never
I'll never be the same
