Any kind of fool with the will to live
Tries to get it right with the one they're with
But even though I give you special treatment
You keep getting high juvenile delinquent

And this is how it feels to be
On the payroll company
Your every scene is in the round
And all the men are falling down

Constantly harrassed and misunderstood
I'm the 'lost and found' of the neighbourhood
And I am not a part of society
So don't get off the ground just be with me

And this is how it feels to be
On the payroll company

Your every scene is in the round
And all the men are falling down

I would brave the rainstorm in my car
Maybe you can leave but you won't get far
It wasn't just a dream it was much too good
Just another day in the brotherhood

And this is how it feels to be
On the payroll company
Your every scene is in the round
And all the men are falling down

And this is how it feels to be
On the payroll company
Your every scene is in the round
We don't need to hang around
