Three miles to go
Three miles to go
At the end of the road
There's a soldier waiting for me

I've got three miles to go
Three miles to go
At the end of the road
There's a soldier waiting for me

At the end of the road
At the end of the road
At the end of the road

Life goes on and on in this real life fantasy
Forever to be still
Breath held tight inside of me
Life goes on and on in this real life fantasy
Forever to be still
Breath held tight inside of me
Life goes on and on...
It's a red sky tonight
It's a red sky tonight
At the end of the road
Where all futures go
At the end of the road
There's a soldier waiting for me
He's got three miles to go
Three miles to go
At the end of the road
At the end of the road
There's blood on shore

Life goes on and on in this real life fantasy
Forever to be still
Breath held tight inside of me
Life goes on and on in this real life fantasy
Forever to be still
Breath held tight inside of me
