It may be just a day like any other day
I'm gonna change that.. wait and see

I'm gonna learn to fly. I'm gonna touch the sky
turn these dreams in reality

oh oh oh

two feet forward

and never looking back

Running barefoot through the sands
Catching the wind in my hands
gonna to shine tonight
hey this is my life

Feeling ten feet of the ground
Nothing is going to slow me down
Gonna make the most of me
Just you wait and see

So many rules we need to follow
So many roads we never take
Well I'll take my chances, whatever comes my way.

Gonna make the best of it and forget the rest of it.
Turn these dreams into reality

Oh oh oh

Two feet forward

And never looking back

Running barefoot through the sands
Catching the wind in my hands
going to shine tonight
hey this is my life

Feeling ten feet of the ground
Nothing is going to slow me down

Gonna make the most of me

Just you wait and see

Gonna sing like no ones there
Gonna live without a care
just you wait and see

Gonna dance in the pouring rain
gonna live this life my way
Just you wait and see

Running barefoot through the sands
Catching the wind in my hands
gonna shine tonight
hey this is my life

Feeling ten feet of the ground
Nothing is going to slow me down
Gonna make the most of me
Just you wait and see

Running barefoot through the sands
Catching the wind in my hands
gonna shine tonight
hey this is my life

Feeling ten feet of the ground
Nothing is going to slow me down
Gonna make the most of me
Just you wait and see

Running barefoot through the sands
Catching the wind in my hands
gonna shine tonight
hey this is my life

Feeling ten feet of the ground
Nothing is going to slow me down
Gonna make the most of me
Just you wait and see
