"Over"

Drag your name through the dirt,
and split the letters on rocks.
Drink it down 'til it hurts,
feel every sting with each shot.

I hope every cut makes you think of me,
write my name with each line (line)
you used to mean the whole world to me,
now if I said I loved you, I'd be lyin' (lyin')

Because it's over,
no more second chances,
oh it's far too late for that,
Because it's over,
let's burn it down, burn it down,
burn it to the fucking ground

Throw your words out the door,
and put the keys out on lock,
take everything that we were,
and put it out with a stomp.

I hope every cut makes you think of me,

write my name with each line (line)
you used to mean the whole world to me,
now if I said I loved you, I'd be lyin' (lyin')

Because it's over,
no more second chances,
oh it's far too late for that,
Because it's over,
let's burn it down, burn it down,
burn it to the fucking ground

No, it don't stop there,
we've had our time,
no, it don't stop there,
I've made up my mind

Because it's over,

no more second chances,
oh it's far too late for that,
Because it's over,
let's burn it down, burn it down,
burn it to the fucking ground

Signed, your biggest regret
