i went a walking by
the busy streets and i
picked up my feet quickly
to walk on by
to walk on by

you always noticed my
half smiles and smiling eyes
there is no hiding now
all you have to do is try
all you have to do is try

and you were always subtle
like the butterflies that pass me by
and you were always subtle
like the butterflies that pass me by

time can only tell

but my clock's a ticking
just way too slow
will i ever know?
will i ever know?

i guess we're getting somewhere
it's hard to read your state
do you really care?
why would you even care?
why would you even care?

am i getting to that certain point?
am i getting to that certain point?
am i getting hot and heavy?
am i getting hot and heavy?
