your cherry lips are enticing
so don't be offended if i stare
they say they only stare when they want.
i'm sending hints that you pick up
right away; thank you, thank you.
if it were up to me
you can sleep over every night
share my twin bed and hog the covers if you'd like
i can cook for you if you wont mind the house burning
down
but i cant do your laundry because im lazy
and i dont know how.

i wish i wasnt only fifteen baby
i wish i wasnt only fifteen

i love your love handles

they love me
they love my arms around them
i got some mad love for you
they say young love dont last forever
but its the old people that dont remember;
its an amazing feeling that i dont want to go away

i wish i wasnt only fifteen baby
i wish i wasnt only fifteen

your cherry lips are enticing
so don't be offended if i stare
they say they only stare when they want.
